RE: Permission of Cooper Levenson for Permission for an Unlicensed Vendor to Possess  
and Display Slot Machines  
PRN 1181201

Dear Ms. Kaufman:

The law firm of Cooper Levenson has filed a petition for permission to allow the display of a slot machine by an unlicensed vendor at the Revel Hotel and Casino during the East Coast Gaming Congress ("ECGC"). Cooper Levenson is a co-sponsor of this event. For the reasons which follow, the Division of Gaming Enforcement ("Division") does not object to the relief requested by the petition.

N.J.A.C. 13:69E-1.22b(5) permits any party to possess slot machines if such possession is "necessary and appropriate to fulfill the goals and objectives" of the Casino Control Act ("Act"). As one purpose of the ECGC is to permit casinos view new product offerings which could serve to enhance Atlantic City casino operations, permitting the display of slot machines at the ECGC would fulfill the goals and objectives of the Act. In addition, allowing an unlicensed vendor to display new products in the New Jersey market in the hopes of obtaining business, causing such vendor to submit to the licensure process, is also consistent with the policies of the Act.

The gaming machine being displayed is owned by NYFF Events, LLC ("NYFF Events") and will use either non-value tokens or promotional credits. Actual gaming will not be conducted. In addition, the petitioner has represented that the machines will be accessible only to attendees of the ECGC who have the proper credentials. During those times when the exhibit hall is closed, the machines will be in a locked exhibition room. Special credentials will be required for anyone removing slot machines from the exhibit area.

Under the circumstances presented, the Division hereby grants approval to Cooper Levenson and NYFF Events for the display of a slot machine at the ECGC subject to the representations set forth in its petition.

Respectfully submitted,

DAVID REBUCK
